About Us

Company Profile

We take this opportunity to introduce ourselves as Ajanta Electrical having our works at 32/32, South Side G.T road industrial Area, Ghaziabad (U.P.) India as a manufacturer of electric ceiling fans, heating elements and electric iron with a manufacturing experience of more than a decade. The ceiling fan in various models, sizes and Fans designs can also be customized as per customer's requirement.

Infrastructure

Our product superiority is founded of firm commitment to fan technology through continuous research and development. All our high tech equipment is backed by not only highly skilled production staff but also a strong and very experienced engineering and management team. We have conveyorised manufacturing process of assembly, painting testing. We are also doing most of the processes in-house like rotor casting blade fabrication, stator winding etc. For painting we have in house arrangement of liquid and powder coating both.

Quality

All items are tested in laboratory as per the standards laid down by Bureau of Indian Standards and at manufacturing level to help produce high quality product.

Certifications

- ISO 9001:2008 certified company.
- ISI Marked Ceiling Fans and other items .
- 5 Star rating from Bureau of energy efficiency.
